

CURRICULUM VITAE

INVESTIGATOR NAME: Jorge Bernardo Ramon Taborda
INVESTIGATOR NACIONALITY: Argentine
LICENSE NUMBER: 91696
STUDY LOCATION ADDRESS: Centro de Investigaciones Médicas Mar del Plata S.R.L
Av. Colón 3083, 1º, 4º, 5º and 7º floor, B7600FYK Mar del Plata. Bs. As. Argentina
Tel:+ 54 223 491-7628 / 495-6654 – Fax: +54 223 495-7241

EDUCATION: List Colleges/ Universities attended with dates and negrees obtained

1979 Universidad Nacional de Córdoba

Degree: Surgeon Physician

POSTGRADUATE: Speciality, dates institution's name:

1990 Physician Neumonologis. Title granted by examination. Medical College district IX
1996 Neumonologist Pediatrician. Title awarded by The Argentine Pediatrics Society.
1998 Specialist on Pediatric Neumonology. Title awarded by Medical College in the province of Buenos Aires district IX .

Recertification: August 25th, 2004

Online course “**Good Clinical Practice**” (GCP) 2010 – ECLA

Online course “**Good Clinical Practice**” (GCP) NOVARTIS 2013

-Training Certificated Of Good Clinical Practice (GCP). FEFYM. November 2016

-Training in Ethics of the research. Conducted by Dr. Ignacio Maglio. Aug 2017

-Sep 2018- Curso de Etica y Buenas Practicas Clínicas de Investigación. Ministerio de Salud de la Nación, duration 80 hs

-July 2019 Good Clinical Research Practice Brookwood

-July 2022 Good Clinical Practice NIDA Clinical Trials Network

PROFESSIONAL EXPERIENCE :

*** Board certification:**

1990 NEUMONOLOGIST PHYSICIAN. Title granted by examination. Medical College district IX.

1996 NEUMONOLOGIST PEDIATRICIAN: Title awarded by The Argentine Pediatrics Society.

1998 SPECIALIST ON PEDIATRIC NEUMONOLOGY. Degree awarded by Medical College in the province of Buenos Aires district IX .

Recertification: august 25th, 2004.

*** Previous appointments (list positions held, gives dates and institutions):**

MEMBER OF THE TEACHING AND RESEARCH COMMITTEE, HIEMI, Mar del Plata..

MEMBER OF RESPIRATORY MEDICINE ARGENTINE SOCIETY.

MEMBER OF THE TISIOLOGY AND PNEUMONOLOGY SOCIETY OF BUENOS AIRES PROVINCE.

MEMBER OF PNEUMONOLOGY SOCIETY OF MAR DEL PLATA

Since 2010 Neumonolgist of “Centro de Investigaciones Médicas Clínica de Fracturas y Ortopedia Mar del Plata.”

Since 2014 Neumonolgist of “Centro de Investigaciones Médicas Mar del Plata S.R.L.

PROFESSIONAL EXPERIENCE IN CLINICAL INVESTIGATION:

- 1996 Multicenter Study preparing tables for normal lung function parameters in children. Co-Investigator.
- 1997-2001 Clinical Trial Protocol SD 004-01. Pathology: Asthma. Principal Investigator.
- 1999 Protocol WV 15871 B. Disease: Influenza in children with asthma. Principal Investigator
- 2000 Protocol SD 039-0735. Use of steroid bronchodilator B Phase III. Principal Investigator.
- 2001 Protocol SD 004 0216. Pathology: Asthma, Principal Investigator.
- 2001 Protocol 909 (COMPACT). Pathology: Asthma. Principal Investigator.
- 2001-2002 Protocol D 153 P 504:Influenza Vaccine, trivalente types A and B in healthy children. Principal Investigator.
- 2002 Protocol SD 039-0673.Pathology: Asthma in adult patients. Principal Investigator.
- 2003 Protocol SD 039-0667.Pathology: mild-moderate asthma in children. Principal Investigator.
- 2004 Protocol SD 039-0682. Pathology: Childhood Asthma Study of Phase III. Principal Investigator.
- 2005 Protocol AHEAD. Pathology: Asthma in adolescents and adults. Principal Investigator.
- 2006 Study protocol clinical research undertaken to asses the efficacy and safety of aminoglucoide powder for inhalation (TPI) for patients with cystic fibrosis (CF). Principal Investigator
- 2008 Study protocol response to the dose of manitol powder for patients with cystic fibrosis (CF). Principal Investigator.
- 2008 Protocol B phase III study comparing the use of a long-acting bronchodilator with and inhaled steroid in PMDI with another long-acting bronchodilator in TH in patients with COPD. Principal Investigator.
- 2009 Protocol phase III study comparing the use of a long-acting bronchodilator with an inhaled steroid in TH as a rescue treatment and other treatment of a long-acting bronchodilator and inhaled steroid in TH and TH rescue terbutaline in subjects with Asthma. Principal Investigator.
- CHIESI Phase III COPD. Since 2010-2012 Principal Investigator
- ADC113874 Phase III COPD. Since 2011-2013. Principal Investigator
- HZA113782 Phase II COPD.Since 2012-2014. Principal Investigator
- HZA106853 Phase IIb Asthma on children (5-11 años). Since 2012-2014. Principal Investigator
- LABA D5896C00027 Phase IV Asthma Since 2012-2014. Principal Investigator
- SAS115358 Fase IV Asthma on children (4-11 años). Since 2013-2016. Principal Investigator
- CALIMA-D3250C00018. Phase III. Uncontrolled Astma. Since 2014-2016.Principal Investigator
- CQVA Phase III.COPD. Since 2014-2016 Principal Investigator
- CQAB149B2401 Phase III Epop. Since 2012-2014- Principal Investigator
- MEDIVECTOR Phase III. Influenza no complicada. Since 2014-2015.. Principal Investigator
- 3251C00021 BORA Phase III COPD 2015-2016 Principal Investigator
- Dynagito Phase III Epop Since 2015-2017. Principal Investigator
- 201378 Phase III Asthma . Since 2015-2017 Principal Investigator
- CTT116855 fase III,COPD 2015-2017 Principal Investigator
- TERRANOVA. Phase III. COPD. Since 2015-2018 Principal Investigator
- PT010005 Phase III COPD. Since 2017. Sub Investigator.
- PT009003 SOPHOS.Phase III COPD. Since 2017-2018 Principal Investigator
- HZA107116. Phase III Astma in children 5 to 17 years old. Since 2018 Principal investigator
- BOREAS Phase III. EPOC. Since 2020. Principal Investigator
- 208657 Phase III. EPOC. Since 2020. Principal Investigator
- INS1007-301 ASPEN Phase III Bronchiectasis. Since 2021 Principal Investigator
- GB4311 Phase IIb COPD. Since 2022 Principal Investigator
- PILASTER Phase III Epop and chronic bronchitis. Since 2021. Principal Investigator
- EDP 938-104 ENANTA Phase IIb Acute syncytial respiratory virus. Since 2023
- BUS-P3-01 CALM Bellus Phase III Refractory chronic cough. Since 2023
- GB43374 OLE COPD Since 2023 Principal Investigator
- CLI-06001AA1-05 PILLAR Phase III COPD Since 2023 Principal Investigator
- CLI-05993AA-06 TRITON Phase III COPD Since 2023 Principal Investigator
